Hyderabad | [+916305318562](tel:+916305318562) | tangallapalliakshayvarma@gmail.com | [Linked-in](#) | [GitHub](#)

EDUCATION

- Malla Reddy Engineering College** 2023–2026
B.Tech in Computer Science & Engineering (Cyber Security) Hyderabad
CGPA: 8.53
- Singareni Collieries Polytechnic College** 2021-2023
Diploma in Electrical and Electronics Engineering Mancherla
CGPA: 9.45
- Artificial Intelligence English Medium School** 2020
Board of Secondary Education, Telangana (SSC) Mancherla
GPA: 10

TECHNICAL SKILLS

- Languages: Python, Java, C, JavaScript
- Frontend: HTML, CSS, React (learning)
- Backend: Node.js (learning), Express.js, Flask
- Databases: MySQL, PostgreSQL (basic), MongoDB (learning)
- Tools: Git, GitHub, VS Code, MS Office
- Concepts: DSA, DBMS, OS, Computer Networks
- Soft Skills: Teamwork, Communication, Problem-solving

PROJECTS

Library Management System

Tech Stack: Python, MySQL, Tkinter

- Designed a full-featured GUI application for book management, user tracking, and return deadlines
- Integrated SQL queries with Python backend for real-time data manipulation
- Implemented form validation, duplicate entry checks, and overdue alerts
- Developed as a lightweight and scalable solution for institutional libraries

Customer Churn Prediction System

Tech Stack: Python, Scikit-learn, Flask, PostgreSQL

- Trained classification models (Logistic Regression, Random Forest, XGBoost) on customer demographics and usage data
- Achieved 85–90% accuracy with balanced precision/recall in identifying potential churners
- Deployed with Flask + PostgreSQL to provide real-time churn risk predictions through a web interface
- Demonstrates practical application of machine learning for customer retention and business decision-making

Automation of RO Water Plant

Tech Stack: Arduino, Embedded C, LCD module

- Automated water plant operation using 8 float sensors and relay-controlled pumps
- Controlled solenoid valve and motor logic based on tank level readings
- Real-time display of OT/RT levels on a 16x2 LCD with safety logic for dry run/overflow
- Suitable for apartments, hostels, or rural water distribution setups

CERTIFICATIONS & TRAININGS

- Internship – Junior Developer at R Square Educational Services (May 2023)
- Cyber Security Internship at The Red Users (Apr – May 2025)
- PGDCA from VSIT (TAJ Computers, CCC Naspur) (Oct 2021 – Sept 2022)
- Industrial Training in EEE – SCCL, Srirampur Area (Jun – Nov 2022)

ACHIEVEMENTS

• Recipient of Rajya Puraskar (Governor's Award) –

Highest State-level award in Bharat Scouts & Guides for leadership, discipline and community service(2018)
